Profile

Full Stack Developer with proven experience at **Applify**, **Golden Hippo** and **Speridian Technologies** in helping companies create and maintain a better code base for reusability. Eager to learn and develop with a desire to apply skills on a larger development team like Redfin.

I am passionate about tackling more complex problems and continue to find ways to maximize user efficiency. I am a fast learner so I can work with any unfamiliar programming.

I want to make a positive impact in people's lives through web development.

Education

Bachelor of Computer Science

Singapore Institute of Technology

2011/04 – 2015/04 | Singapore, Singapore

Professional Experience

Full Stack Engineer

Applify
